Judge Jane Gallina-Mecca has become the national symbol of unchecked family court tyranny. From stripping a mother of her children without cause to weaponizing sealed orders and police raids, Gallina-Mecca runs her courtroom like a private fiefdom.

She enables abusers, censors evidence, blocks expert witnesses, and punishes whistleblowers and journalists—all while ignoring the Constitution she swore to uphold.

Her latest outrage: planning to eject disabled mother Patricia Lee from her home at gunpoint on July 18, 2025. This is not justice—it's judicial sadism.

America has No Kings - even those who wear black robes. Gallina-Mecca must be impeached now before more lives are destroyed under her gavel.

Judge Jane Gallina-Mecca is determined to drive my sister, Patricia Lee, out of her home at gunpoint on July 18, 2025—even though she is disabled and her ex-husband, to whom Gallina-Mecca plans to reward the house, owes me

more than the equity of the house (\$1.9 million, whereas the house is valued at \$1.3 million). Below are my demands to Gallina-Mecca, which will be published in a local newspaper this week, along with several other, full-page advertisements.

Patricia Lee was of perfect health and superior functioning, and her children (ages 6 and 8) were happy, healthy, and thriving under her care 5 years ago. Since entering Judge Jane Gallina-Mecca's "court", however, Patricia Lee and her previously prosperous extended family of professionals descended into world of violent criminality, chaos, false arrests, and tragic loss. As one of the casualties, I make the following demands to the "judge" who caused it all.

Your Honor:

1. Please hold a hearing on whether Patricia Lee's children were taken from her legitimately, legally, and constitutionally
2. Please state why Patricia Lee's two children were taken by a violent police raid, during her authorized scheduled time to be together, without warning, due process, or stated reason
3. Please state how it is possible that Patricia Lee cannot see or hear from her children for even one second for the last four years, when she had never been separated from them since birth
4. Please state how it is possible the children's formerly absentee father, with no parenting experience, was the better parent to have full, sole custody after filing for divorce
5. Please state why a pornography-addicted, substance-abusing, violent father—who was recently on a restraining order for almost killing each of his children by head injury (a restraining order you inexplicably canceled without a trial)—having full custody is in "the best interests" of these children
6. Please explain why all witnesses unfavorable to the violent ex-husband, including 6 world-renowned forensic experts who called him "dangerous", are barred from your courtroom

7. Please explain why all witnesses favorable to Patricia Lee, including 11 highly-qualified psychiatric experts who said she has “exceptional talent in parenting,” are barred from your courtroom
8. Please explain why you fully embraced an unlicensed, unsupervised, and unqualified “associate counselor,” whose report completely contradicted those of 11 highly-credentialed psychiatrists and psychologists
9. Please elucidate why the abusive ex-husband, who has a 17-year history of domestic violence and who intentionally misled the police with patently false allegations, in order to convince them to raid and seize Patricia Lee’s children, is considered an upstanding citizen in your courtroom—even after the police confirmed his lies and malicious prosecution
10. Please elucidate why Patricia Lee, who never even had a parking ticket before entering your court—and was a former high government official, hailed as a “hero” for protecting the nation after the September 11 terrorist attacks—is accosted, accused, and threatened with incarceration in your courtroom like a common criminal
11. Please elucidate why the financially-abusive ex-husband, who has a history of fraud that caused one employer to be fined \$38 million and another to be hit with unprecedented federal sanctions—for which he was laid off—is given all marital assets
12. Please explain why the violent ex-husband, who almost murdered Patricia Lee at least 10 times, sending her to the hospital 8 times, once to the intensive care unit, is not being criminally prosecuted
13. Please explain why 2000 pages of high-quality evidence is ignored in your courtroom, while you have admitted 600 documented lies and acts of perjury by your court-appointed guardian *ad litem* who worked in near-daily collusion with the violent ex-husband
14. Please explain why you would not allow Patricia Lee to attend her own trial, present evidence, or cross-examine witnesses, while you accepted the abusive ex-husband’s more than 1000 acts of perjury under oath as irrefutable fact
15. Please explain why you have not allowed Patricia Lee to access the transcripts of her own case, especially the secret (*ex-parte*) meetings that were held with her abusive ex-husband, without notice to her

16. Please explain why you have not allowed Patricia Lee to see the motions filed against her in her own case, which have been kept hidden from her under “court seal,” even though you have used these rulings to control, coerce, and relentlessly persecute and prosecute her, as well as to deprive her of her constitutional rights

17. Please explain why you have not allowed Patricia Lee to see the secret orders that you used to falsely arrest two world-renowned forensic expert witnesses at an elementary school, where they were attempting to report child abuse to the school principal, as they are legally mandated to do

18. Please explain why you have not allowed Patricia Lee to see the secret orders that you used to have the police falsely arrest her, in front of two dozen of her fellow parent volunteers, for doing the same volunteer work at school she was praised for doing for the previous 5 years

19. Please clarify how Patricia Lee is denied her constitutionality-protected right to see her children’s academic and pediatric records

20. Please clarify how it is possible that Patricia Lee’s children missing half of school and failing to grow even one inch—since you gave her abusive ex-husband sole custody 4 years ago—is not an issue in your court

21. Please clarify why it is okay for the abusive father to recruit his 88-year-old, hepatitis-infected, feeble father to act as a surrogate mother and father for the children—so that he can lead a “singles” lifestyle—while it is a terrible thing for Patricia Lee, the loving mother who devoted her life, 24/7, to her children to speak to them for even one second, according to the “wisdom” of your court?

22. Please explain why you intervened outside of your jurisdiction with the head judge, who said on the record that you personally contacted her to convince her to keep the false criminal charges against me, which the prosecutor would later find absurd?

23. Please explain why you intervened with a municipal judge, again outside of your jurisdiction, to cause him to dismiss criminal charges for which probable cause was already found and posted against the violent ex-husband and his co-conspirator, your court-appointed guardian ad litem?

24. Please explain why another judge’s indictment of a pediatrician who falsified medical records and failed to report the child abuse she herself affirmed, had her criminal charges mysteriously removed without a trial?

25. Please illuminate why, after giving the abusive ex-husband authorization to tear Patricia Lee's crying, screaming, and clinging children from her via 5 armed policemen, you are now positioning him to seize her house by bringing in the marshals, on July 18, 2025?

26. Please illuminate why, knowing of Patricia Lee's stress-induced, life-threatening condition—for which she continues to be at imminent risk of death and now under 24-hour care—you are allowing the violent ex-husband, who is currently on a restraining order, to take not just the house but very possibly her life?

27. Please illuminate how your actions of ordering Patricia Lee to keep her \$1,000,000 life insurance policy—while paying the premiums herself since the divorce—knowing that her violent ex-husband collected the life insurances of both his mother and his sister recently, is not co-conspiracy to murder?

***Say "No" to judicial corruption, and add your signature to the [petition to impeach Judge Jane Gallina-Mecca](#), which now nears 2800 petitioners, to be submitted to the General Assembly very soon! Help us to turn the national tide on Family Court abuse by holding accountable a now nationally-infamous judge, presented before both the [Arizona](#) and [Idaho legislatures](#)!**
