On Tuesday January 11th, 2005 at 06:51:02 PM, STEVEN R VOSS (Badge: MP64229, Cmd: 05) moved item from location 'Temporary intake (W)' to '3rd Fl Weapons Room (M020)'.

On Monday March 7th, 2005 at 11:25:50 AM, Paula M LOOK (Badge: MP58637, Cmd: 05) set the assigned claimant to 'Fond Du Lac Sheriff (0000158555)'.

On Monday March 7th, 2005 at 11:25:51 AM, Paula M LOOK (Badge: MP58637, Cmd: 05) released item to Fond Du Lac Sheriff as authorized by BRIAN R OKEEFE (Badge: MP50143, Cmd: R). See release receipt for details.

STATE OF WISCONSIN)
) SS
COUNTY OF FOND DU LAC)

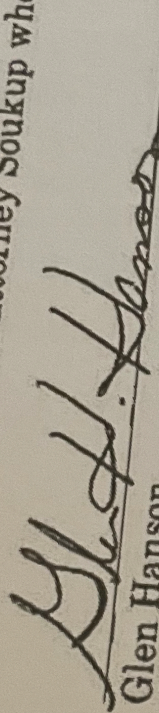

AFFIDAVIT

I, Glen Hanson, hereby swear and state as follows:

1. I am a retired police officer / *correctional officer*
2. I am the lawful owner of a Ruger P85 firearm (hereinafter "firearm") with the serial number 300-73310. It is the firearm pictured in attachment "A" and "B."
3. About 15 years ago, my firearm was stolen from me.
4. About 10 or 11 years ago it was returned to me by the Fond du Lac County Sheriff.
5. When I received my firearm from the Fond du Lac County sheriff it was dirty and it was difficult to open the action. I did not notice any mechanical problems with the firearm. It appeared to me that the barrel and ejection parts of the firearm were the same as when I had it previously. The magazine that was in the firearm was different; my memory is that I had used a 15 to 17 capacity blue steel clip and when the firearm was returned to me it had a 10 capacity stainless steel clip.
6. On or about March 13, 2018, I was contacted by attorney Michael Soukup about obtaining bullet samples from my firearm, so long as the firearm remained in my possession.
7. After discussions with attorney Soukup about when and how to obtain bullet samples, we met at the Wescot Sportsmen's Club to collect samples from the firearm on June 12, 2018.
8. Around 9:00 a.m. on June 12, 2018, with attorney Soukup present, I shot 9mm rounds from my firearm into a gelatin block provided by attorney Soukup. The gelatin block was approximately 6 inches wide, 16 inches long, and 6 inches high.
9. Given the likelihood that a shot would go through the gelatin block, we kept the block in the box it was stored in and put cardboard boxes in front of that box. The boxes and gelatin block were placed on the ground. The picture in attachment "C" depicts the setup we used.
10. While lying on the ground, I was able to successfully shoot three ("3") 9mm rounds into the gelatin block. I also shot an additional three times in order to obtain three ("3") cartridge cases from the same firearm.

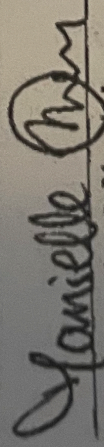

11.

The gelatin block with the sample 9mm rounds and the three cartridge cases, all shot from my firearm, were in the possession of attorney Soukup when I left.

Glen Hanson
Fond du Lac

Subscribed and sworn to before me
on this 24th day of August, 2018.
